

Australian Homelessness Vulnerability Triage Tool (AHVTT)

Individuals

Version 1.4

advance to zero

**local communities
ending homelessness**

The Australian Homelessness Vulnerability Triage Tool (AHVTT) was developed through a process of feedback and consultation that took place both through survey form, in person discussion and virtual discussions.

The AHVTT should be used in the context of Advance to Zero (AtoZ), a national initiative of the Australian Alliance to End Homelessness (AAEH) that supports local collaborative efforts to end homelessness. To learn more, visit: aaeh.org.au/atoz

Front line services, First Nations representatives and people with lived experience provided crucial feedback to ensure that this tool will be a good representation of a person's presenting experience of homelessness and their immediate needs.

The tool, based on people's disclosed information, assists in prioritising the most vulnerable and to rapidly resolve crises. This tool is further used to provide appropriate housing, healthcare and community services to individuals and families according to their current circumstances.

Organisations also use the collective, de-identified data to advocate for the change and resources needed to end homelessness in our communities, based on the needs of the people who experience homelessness and housing stress in the community.

The AHVTT was developed by the Australian Alliance to End Homelessness (AAEH) and partners. The AAEH would particularly like to thank OrgCode Consulting and Micah Projects for their support in its development.

Logan Zero Consent Form

The Zero Communities in Queensland refers to the collective of organisations partnering together for the purpose of understanding the needs and preferences of individuals, families and youth experiencing homelessness, and supporting and enabling people experiencing homelessness to obtain stable housing, healthcare and community services. For a detailed list of members and supporters of the collective refer to the 'Logan Zero Partners' section accessible [here](https://loganzero.org.au/). [https://loganzero.org.au/]. Logan Zero refers to the Logan focussed operations of Advance to Zero.

I acknowledge that members of the Zero Communities in Queensland propose to collect personal information (including sensitive information) to provide support services to me. These services include making efforts to better understand my needs to access housing services, and to attempt to provide support to access the housing, health and support services that will meet these needs.

By signing this form, I consent to:

- my personal information being listed on a 'Know By-Name List' of people experience homelessness in our community; and
- my de-identified information being used for advocacy, and to inform government and non-government agencies, research partners, and the community about the needs and experiences of people experiencing homelessness and required changes to the current housing and homelessness system.

I understand that:

- Providing my information to be used in Logan Zero is optional, and I will still receive support services if I choose not to do so.
- Individual organisation providing me support services will also require me to sign their consent form.
- my personal information will be handled in accordance with the Logan Zero privacy policy, which I can access in person by requesting a copy or which I can access online at <https://loganzero.org.au/resources/>;
- my personal information will be stored on an electronic database operated by CSnet; and
- I can request to access, correct, update, or remove my personal information by sending a request to LoganZero@yfs.org.au

Explanation of the AHVTT and consent

My name is _____ and I work for _____.

I have with me here a survey for people experiencing homelessness called the Australian Homelessness Vulnerability Triage Tool, which you may hear referred to as the AHVTT. It asks questions about your experience of homelessness, risk factors that may impact your life, your day to day life, and your health and wellness. This information is important to help us identify key health, wellness and housing options that will suit your needs.

The survey should take about 15 minutes or so. Throughout the survey you can:

- Stop at any time you choose
- Skip or decline to answer any question you do not want to answer
- Take a break and come back to the survey another time
- Change your answers at any time throughout the survey or after
- Ask for some help with understanding what the question is.

The information collected will be stored within a secure database to which only approved service providers and their staff will have access. I ask you to be as honest as possible as your circumstances are very important to us and we want to make sure that the housing outcomes and support you receive are the most suitable for you.

Consent

1	Are you currently safe?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
2	Do you consent to answer some questions to help us understand your service and housing needs?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
